MEMORANDUM FOR : Chief, Security Section, DFD

SUBJECT : Identification of [REDACTED] by 25X1A9a
the Russian Intelligence Service

25X1C4e

25X1A9a 1. I was told today at lunch with [REDACTED] who is [REDACTED]
25X1C4e [REDACTED] concerned with the behavioral sciences group in TSD, that during
25X1A9a his debriefing of [REDACTED] the former told him that
his Russian interrogators constantly made reference to "the three most
evil men" in the United States, and they were Allen Dulles, J. Edgar Hoover
25X1A9a and [REDACTED]

25X1A9a 2. I am sure [REDACTED] would be honored to be in such distin-
guished company, but I think it points up again the probable fact that the
25X1A9a Russians have overestimated [REDACTED] part in the U-2 program, and
25X1A9a further that no matter where he goes, [REDACTED] is going to be the object of
25X1A9a some fairly close surveillance by the RIS. [REDACTED] added that [REDACTED] 25X1A9a
said his captors repeatedly asked him if he had been "sent to Russia by
[REDACTED] at the time apparently had never heard of
25X1A9a [REDACTED] but did remember his name in the course of his debriefing.
